National Oceanic and Atmospheric Administration

Notice of Administrative Record Closure; Coastal Zone Management: Federal Consistency Appeal by Jessie W. Taylor From an Objection by the South Carolina Office of Ocean and Coastal Resource Management

AGENCY: National Oceanic and Atmospheric Administration; Commerce.

ACTION: Notice of administrative record closure.

Jessie W. Taylor (Appellant) proposes to fill in approximately 0.6 acres of wetlands for the purpose of commercial development, and to mitigate the adverse wetland impacts through his purchase of mitigation credits in a wetland mitigation bank. The site of his proposed activity consists of two undeveloped lots, which are located in a commercial area adjacent to Highway 17, in Surfside Beach, Horry County, South Carolina. The South Carolina Office of Ocean and Coastal Resource Management (State) has objected to the Appellant's activity. The Appellant requested that the Secretary of Commerce (Secretary), override the State's objection based on the ground that the proposed activity is consistent with the objectives of the Coastal Zone Management Act of 1972, as amended.

In its review of the administrative record for this appeal, the National Oceanic and Atmospheric Administration (NOAA) determined that additional information on the Appellant's mitigation proposal would assist the Secretary in deciding whether to override the State's objection. NOAA reopened the record and allowed the Appellant, the State and the Corps an

opportunity to file additional comments on the Appellant's mitigation proposal. The Appellant, the State and the Corps each responded to NOAA's request for additional comments. Accordingly, the administrative record for this appeal closed on September 4, 1997, and the Secretary will issue a decision in the matter.
